În cazul aplicării pe perete trebuie avut în vedere ca dulapul să nu fie montat pe suprafețe conductoare și numai pe zid solid. Materialul pentru montaj inclus în livrare este prevăzut pentru ziduri obișnuite, solide. Înainte de a monta dulapul pe perete informați-vă cu privire la materialul adecvat pentru montarea pe pereții dvs., iar dacă este cazul schimbați materialul.

**Dezafectare:** Ambalajul este fabricat din materiale reciclabile. Dezafectați aceste materiale într-un mod adecvat din punct de vedere al mediului, în conformitate cu prevederile valabile la nivel regional. La sfârșitul duratei de viață a produsului nu-l aruncați la gunoierul menajer. Consultați administrația locală cu privire la posibilitatea dezafectării adecvate din punct de vedere al mediului.

**Instrucțiune de întreținere:** Vă rugăm să verificați toate îmbinările cu șurub la intervale regulate de timp și să le strângeți la loc. Însurubările desfăcute duc la o periclitate a siguranței.

**Indicații privind îngrijirea:** Folosiți pentru curățarea mobilei dvs. de regulă cârpe moi, ușor umezite, sau tip piele de căprioară. Aveți grijă ca după utilizare sau curățare toate piesele să fie șterse până la uscare. Evitați folosirea unor adaosuri cu efect abraziv sau cu conținut de solvenți precum și a lavetelor din microfibre. Aveți în vedere că unele produse cosmetice în formă concentrată pot cauza deteriorări ale materialului atunci când nu sunt șterse neîntârziat. Îndepărtați imediat umiditatea stagnantă și evitați formarea condensului. Având în vedere că asemenea daune nu sunt acoperite de garanție, vă rugăm să respectați indicațiile de față pentru a vă bucura cât mai mult timp de produsul dvs. Indicații de îngrijire pentru fiecare material în parte găsiți și pe pagina noastră: [www.w-schildmeyer.de](http://www.w-schildmeyer.de)
